COVID-19 Update

January 20, 2022

1. West Lafayette schools continue to operate on an in-person basis thanks to the diligence of the school community in remaining as healthy as possible, staying home when necessary, and respecting other precautions.
2. Thank you for notifying school when your child is fully vaccinated, as complete information helps us continue contact tracing and notification.
3. At the advice of our medical professionals—and in keeping with CDC guidelines—quarantine times for staff only are reduced from 10 days to 5 days. As always, universal masking indoors when not eating remains WLCSC policy.
4. WLCSC remains in regular contact with our medical professionals, the Tippecanoe County Health Department, and Indiana Department of Health on the latest developments.
5. WLCSC continues to monitor staff and student COVID-related absences, and to report positive cases to the [state school COVID dashboard](#), which is updated weekly on Mondays.
