RE: Technology Purchase Recommendation

The Technology Department is requesting to purchase 400 new Chromebook devices for students at West Lafayette Intermediate School for the 2023-2024 school year. Current devices are nearing the end of their useful life. Students use these devices in the classroom on a daily basis as a supplemental resource in the learning process.

In accordance with state guidelines, three quotes were solicited and received from CDW Government, Red8 LLC, and Trafera. The lowest quote was provided by Red8 LLC in the amount of \$98,764. The purchase will be funded in part with technology grant funds and the Education Fund.

Please approve the purchase of new student Chromebook devices for West Lafayette Intermediate School. If you have any questions, please don't hesitate to let me know.
