FOOD SERVICES

The Corporation will provide cafeteria or serving facilities in all schools where space and facilities permit and food service for the purchase and consumption of lunch for all students.

Subject to adequate funding, the Corporation also will provide a breakfast program in accordance with procedures established by the State Department of Education.

The Corporation does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, "Protected Classes") in its educational programs or activities, including the Food Service program. Students and all other members of the School Corporation community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation related to the Food Service program to a teacher, administrator, supervisor, or other Corporation official so that the Board may address the conduct. See Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity.

The food-service program will comply with Federal and State regulations pertaining to the selection, preparation, consumption, and disposal of food and beverages, including but not limited to the current USDA school meal pattern requirements and the USDA Smart Snacks in School nutrition standards, as well as to the fiscal management of the program. In addition, as required by law, a food safety program that is based on the principles of the Hazard Analysis and Critical Control Point (HACCP) system shall be implemented with the intent of preventing food-borne illnesses. For added safety and security, access to the facility and the food stored and prepared therein shall be limited to food service program staff and other authorized persons.

Substitutions to the standard meal requirements shall be made, at no additional charge, for students for whom a health care provider who has prescriptive authority in the State of Indiana has provided medical certification that the student has a disability that restricts his/her diet, in accordance with the criteria set forth in 7 C.F.R. Part 15b. To qualify for such substitutions, the medical certification must identify:

- A. the student's disability and the major life activity affected by the disability;
- B. an explanation of why the disability affects the student's diet; and
- C. the food(s) to be omitted from the student's diet and the food or choice of foods that must be substituted (e.g., caloric modifications or use of liquid nutritive formula).

On a case-by-case basis, substitutions to the standard meal requirements may be made, at no additional charge, for students who are not "disabled persons," but have a signed statement from a qualified medical authority that the student cannot consume certain food items due to medical or other special dietary needs. To qualify for such consideration and substitutions the medical statement must identify:

- A. the medical or dietary need that restricts the student's diet; and
- B. the food(s) to be omitted from the student's diet and the food(s) or choice of foods that may be substituted.

Lunches sold by the school may be purchased by students and staff members and guardian/parent in accordance with the procedures established by the Superintendent.

The operation and supervision of the food-service program is the responsibility of the Food Service Director/Dietician. Food services will be operated on a self-supporting basis with revenue from students, staff, Federal reimbursement, and surplus food. The Board will assist the program by furnishing available space, initial major equipment, and utensils.

A lunch account becomes inactive on June 1st of each year for a student who has withdrawn from the school corporation. An inactive lunch account that has a positive balance of \$25 or less may be receipted back into the school prepaid lunch fund where the School Lunch Program funds are maintained. An inactive lunch account that has a nominal negative account balance may be offset against the positive balances in the Fund; provided, however, that if the parent requests and can document entitlement to the positive balance in the account, the parent is entitled to a refund of that amount or transfer to a sibling.

Significant negative lunch account balances shall not be permitted. A significant negative lunch account balance is any balance owed in excess of \$5.00. Any significant negative lunch account balance should be pursued for collection pursuant to Policy 6151 before it is determined to be uncollectable.

In accordance with Federal law, Food Service Director/Dietician will take such actions as are necessary to obtain a minimum of two (2) food safety inspections per school year, which are conducted by the State or local governmental agency responsible for food safety inspections. The report of the most recent inspection will be posted in a publicly visible location, and a copy of the report will be available upon request.

A periodic review of the food-service accounts will be made by the Business Office. Any surplus funds from the National School Lunch Program will be used to reduce the cost of the service to students or to purchase cafeteria equipment. Surplus funds from à la carte foods may accrue to the food services program. Bad debt incurred through the inability to collect lunch payment from students is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable also are unallowable.

- I. compliance with the Corporation's time and effort record-keeping policy by all Corporation employees whose salaries are paid from USDA funds or with non-Federal funds used to meet a match or cost share requirement. (See Policy 6116)

The Corporation's food service program will serve only food items and beverages as determined by the Food Service Department to be in compliance with the current USDA Dietary Guidelines for Americans. Any competitive food items and beverages that are available for sale to students à la carte in the dining area between midnight and thirty (30) minutes following the end of the last lunch period also shall comply with the current USDA *Nutrition Standards for the National School Lunch and School Breakfast Programs*, and the USDA *Smart Snacks in Schools* regulations. Foods and beverages unassociated with the food-service program may be vended subject to the rules and regulations set forth in Policy 8540.

The Corporation shall require that the food service program serve foods in the schools of the Corporation that are wholesome and nutritious and reinforce the concepts taught in the classroom.
