RE: Recommendation to Approve Mr. Brantley's Summer STEM Camp

---

Attached is information concerning a summer STEM camp proposed by Mr. David Brantley, WLES Third Grade teacher. Mr. Brantley has previously hosted a similar STEM camp experience for students, and he would like to do so again this summer.

- Mr. Brantley proposes to host three 75-minute sessions daily from June 9 - June 27, 2025
- There will be a maximum of 25 students per session
- The camp is intended solely for students entering grades 4 through 6
- More information can be viewed in the attached flyer as well as at the Google site: <https://sites.google.com/wl.k12.in.us/stem-camps>

Mr. Brantley sponsors and hosts this camp voluntarily. Mrs. Delaney, as principal, was consulted by him and is supportive of his doing so at WLES. All fees paid benefit Mr. Brantley; no facilities fee is charged to teachers hosting this type of activity. We are thankful to Mr. Brantley for his willingness to take time from his summer to offer such an opportunity for students and the community.
