RE: WLHS Locker Room Project Hearing and Resolutions

It will be necessary to hold a project hearing for the WLHS Locker Room at the August 4, 2025 board meeting followed by the approval of a resolution. Under Indiana law whenever a school corporation proposes to construct or renovate a school building at a cost in excess of one million dollars, it must first hold a public hearing regardless of how the project is being funded. Notice of the public hearing was published in the Journal and Courier on July 23, 2025. The confirmation of publication is included in your board packets.

The first step of the agenda item is to open a public hearing so that all interested people may give testimony and/or ask questions concerning the proposed renovations and improvements to West Lafayette Jr./Sr. High School, including site improvements and the purchase of equipment and technology. We will give some details of the proposed project and explain that the project will be funded with money transferred to the school corporation from the West Lafayette Schools Education Foundation.

The second step of the agenda item is to consider the project resolution to complete the project at a cost of more than one million dollars. The resolution is included in your board packets.

Please place this item on the agenda for the Monday, August 4th board meeting. Let me know if you have any questions.
