WLES Dyslexia Data for SY 2023-2024 and Reading Plan for SY 2024-2025

In accordance with Indiana SEA 217 requirements, each school corporation shall annually report the following information prior to July 15 each year. The information below is for West Lafayette Elementary School (K - 3).

The dyslexia intervention programs to be used to assist students with identified characteristics of dyslexia:

- Orton-Gillingham
- Heggerty Phonemic Awareness Curriculum
- University of Florida Literacy Institute Foundations

The number of students who received intervention based on the characteristics of dyslexia: Eight out of 526 students assessed received intervention for the SY 2023-2024.

Total number of students identified with characteristics of dyslexia during the school year: Zero students were identified with characteristics of dyslexia for the SY 2023-2024.

WLES will continue to monitor and track data. Each academic year, WLES will continue to report the intervention program(s) used, the number of students who received dyslexia intervention(s), and the total number of students identified with dyslexia during the school year.

For the 2024-2025 school year, kindergarten through third grade will utilize the McGraw-Hill *Wonders* Curriculum for reading instruction with supplemental materials from Heggerty Phonemic Awareness.
